[PROJECT TITLE]

Aedas

[HERO IMAGE]

Full-bleed hero image or key diagram capturing the project’s vision

[DESCRIPTION]

300 words: the brief, the site, and the core idea

[ARCHITECTURAL APPROACH]

Concept diagrams and sketches showing how the idea becomes architecture

[KEY DIAGRAMS]

Massing, programme, circulation or form-finding diagrams that explain the design logic

Aedas

[SITE]

Site plan or site analysis: context, access, climate and constraints

[ARCHITECTURAL DRAWINGS]

Key plans, axonometrics and renders showing the final proposal's spatial organisation, form and experience.

[RESERACH]

Precedents, references and findings that informed the design

[DESIGN DEVELOPMENT]

How the scheme evolved: sketches, models, iterations and options tested, and the key decisions that shaped it.

[DIAGRAMS]

Supporting diagrams for structure, materials or user experience

[ELEVATIONS / SECTIONS]

Elevations, and sections showing scale plus any other relevant materials.
